FireAngel | **Full Maintenance & Compliance Report**

Device Details

Device Type   :   Battery NFC CO Alarm - FA3328

Device Location   :

Firmware   :   01.02

Date Of Manufacture   :   30/05/2022

Present 30-Days Rolling Average

CO(ppm)   :   0

Temperature C :   22

Humidity   :   57

Previous 30-Days Rolling Average

CO(ppm) Minimum :   0

CO(ppm) Maximum :   110

CO(ppm) Average   :   0

Temperature C Minimum   :   0

Temperature C Maximum   :   27

Temperature C Average :   0

Humidity Minimum :   0

Humidity Maximum :   74

Humidity Average   :   0

Battery(1st Readings)

Voltage Level(V)   :   3.037

Impedance Level(mV)   :   9

Others

Number of Alarm   :   1

Total Number of Alarm Minutes :   2

Number of Faults   :   15

Number of Self Tests　　:　7

Number of On/Off Base　:　9

Compliance Report & Maintenance Questions

Alarm Output　　　:　Pass

LED Sequence　　:　 Pass

Is The Device :

Installed correctly　: Yes

In an area clear of furniture　 : Yes

In good condition　: Yes

In need of replacement　: No

Additional Information :

The automated report has been generated by on FA3328 NFC CO Alarm using NFC SYNC-IT TM Technology on 13/12/22 03:25:57
